To Whom It May Concern:

Kevin McCarthy began attending Grace City Church in 2007. While many people usually take quite a bit of time before they decide to be involved with volunteer opportunities, Kevin jumped right in. He has shown himself to be a very faithful, committed, and generous giver of his time and energy for the benefit of others.

He has served in a number of capacities at our church which include but are not limited to: singing and playing piano in the music ministry, lending a helping hand to the usher team, and being involved in our smaller community groups which offer support and service to members of our church as well as the broader community.

Over the past 2 years, it has been a pleasure to get to know and work with Kevin. He has served many people in a number of practical ways, and has invested in meaningful relationships with myself and others in our church.

Sincerely,

To whom it may concern:

I have had the benefit and pleasure the past two years of Kevin McCarthy volunteering to help in my high school classes, and DECA program. Kevin has been a great help at numerous events including the state competition in Portland. He has spent many days each year with our chapter working with high school students, and has given generously of his time and resources to support the kids.

I look forward to him continuing to volunteer his time and energy to our program for this and hopefully other years to come.

Sincerely,
